

Cook-Wissahickon School presents...
The 2019 Spring Arts Showcase!

All year, our elementary and middle school students have been spending a small part of their day honing a new talent or skill as a part of their Choice/Choir/Specialist classes. Now is the time for them to share what they have learned with their friends, family, and community! Please join us on this exciting day and witness the work they have put in this year!
